

## **RFP 962-21P**

---

### **Addendum 005 Issued October 28, 2021**

Several subcontractors reached out directly to the architect on this project with substitution requests. CMC will not be responding to those substitution requests but is happy to discuss any such requests with the selected General Contractor. Any future questions or requests should be submitted through [bids@coloradomtn.edu](mailto:bids@coloradomtn.edu).
